The panel will be available to answer any audience questions, as well as discussing the following topics:</p> <ul style="list-style-type: none"> • Making the work matter, for ourselves and our audience, in the face of tight budgets and burnout • Justifying proactive vs. reactive programs (some Managers don't think we should do anything that's not required by permits, as a way of being responsible to ratepayers; other programs lead the way) • With shrinking newspaper staffs, how outreach efforts might change in the future. How do we make the connections count?
