

Release/ Training

The undersigned will receive training from the California Water Environment Association (CWEA). The undersigned understands that the techniques or equipment described or utilized in the instruction is an example of how equipment is operated or work is performed. The undersigned further understands that any "hands on" instruction is necessarily limited to that particular equipment manufactured by a single manufacturer that is used in the instruction. The undersigned also understands that the course of instruction cannot and will not cover all techniques and/or heavy equipment and that there may be variations in the manner of proper operation of heavy equipment which is manufactured by others and which was not used in the instruction. As to such other procedures and operation of other equipment, the undersigned understands and acknowledges the necessity of receiving additional instruction to that provided by CWEA.

In consideration for the instruction to be provided by CWEA, the undersigned releases CWEA from any and all claims of liability which may in any way arise out of the instruction.
