<b>Speaker:</b>	<ul style="list-style-type: none"> <li>✧ Justin Fearn (Vapor Rooter) – Overview of Chemical Root Control Products and Application</li> <li>✧ Mark Haverson (EID) – EID In-House Chemical Root Control Program</li> <li>✧ Sam Rose (SPMUD) – TCP Prep</li> </ul>	
<b>Time:</b>	8:00 a.m.	Registration & Sign-in (Continental breakfast and coffee will be provided)
	8:30 a.m.	Program Begins
	12:00 p.m.	BBQ Lunch
	1:00 p.m.	Demonstration of Chemical Root Treatment on an In-Service Sewer Line
<b>Program:</b>	<i>Root intrusion is a problem that plagues many collection systems. Join us at this informative benchmarking session to learn how a local agency (EID) has built an in-house program to use chemical root treatment to address this problem. The program will present the different methods of root control, the costs of those methods, applications methods, licensing, expected results, the reasons why EID chose chemical root control and EID's experience so far. Sam Rose from South Placer MUD will conclude our benchmarking session by sharing some useful tips for TCP preparation related to PPE, MSDS, chemical safety, traffic control, math, etc.</i>	
<b>Contact Hours:</b>	<b>6</b> Contact Hours applicable towards certification standards.	
<b>Reservations:</b>	Complete form by filling out name(s), agency name, phone number and <p style="text-align: center;"><b>Fax to: Chad Stites – SPMUD (916) 786-8544</b>  <b>Checks only please</b>  <b>Make checks payable to: Sacramento Area Section, CWEA</b>  <b>Pay in advance: Checks can be mailed to South Placer M.U.D. Attn: Chad Stites or</b>  <b>Pay at the registration desk on the day of event.</b></p>
