December 2009

GREETINGS FROM THE PRESIDENT...

I hope that you all had a great Thanksgiving. I was able to take a little time away from work and spend some quality time with my family. During my time away I was able to reflect on some of the things that I am thankful for, including my family and friends, my health, and my job. I was even thankful for all of the little projects I was able to get done around the house. Although I really enjoyed my time off, I know it's time to get back into the regular routine of things and finish up some critical projects before the end of the year.

At last month's dinner meeting, Doug Humphrey and Rex Delizo of Stege Sanitary District made a presentation on the features of their agency that earned them the award for SFBS 2008 Collection System of the Year. The meeting was preceded by a tour of the Pyramid Brewery. We had a great turnout for the meeting. As part of our November dinner meeting, we took nominations for the two open Board positions, Treasurer and 2nd Year Director. Please take a few minutes to complete the ballot that was sent to you and return it to Kevin O'Toole per the directions on the ballot by December 3.

The next dinner meeting will be held on December 3, 2009, at the Renaissance Club Sport in Walnut Creek. Randy Schmidt of the Central Contra Costa

Sanitary District will be presenting on greenhouse gas emission inventory requirements. Also, please mark your calendars for the Annual Awards and Installation Dinner on Friday, January 8, 2010. I am sure that it will be an exciting evening as we recognize outstanding individuals and agencies.

As I sit here finishing my last "Greetings from the President", I am a little choked up. I have really enjoyed serving as your Bay Section President for the past year. Over the year, I have grown personally and professionally, but my favorite part of serving as President was getting to know all of you better. Thank you for your support and encouragement. I wish you all the best in the 2010.

Florence Wedington, 2009 SFBS President
